

Rotary Screw Compressors

Constant duty/100% Duty Cycle

GC505B

MODELS 5, 7.5, & 10 HP

- Compact Design
- New Rotor Profile
- Reliable Power Transmission
- Two Year Warranty (Air end)

Compressor: Oil flooded rotary screw, continuous duty, industrial air compressor.

Electric Motor: Three-phase, open drip motor, 208/230/460/575/ volt. Single phase is available for 5 HP and 7.5 HP as a special order item. Contact customer service for a quotation.

Motor Starter: Full Voltage magnetic starter with 110 volt control.

Controls: 5, 7.5 and 10 HP units come equipped with dual auto control.

Instrumentation: Air pressure gauge, oil temperature gauge, and hour meter.

Cooling System: Air, oil and after-cooler filled with Palasyn 45, a 4000 hour synthetic lubricoolant. Spin on type oil filter and separator for easy maintenance.

Air Filter: Dry type replaceable.

Units come complete with starter, air-cooled oil cooler, protective devices for high temperature, low oil shut-down, and include air after-coolers.
