10-Ton Automotive Filter Crusher

#AFC-100-94

\$1,76300

JohnDow™
Automotive Service Equipment

- Heavy-duty aluminum frame cabinet surrounds the high pressure hydraulic hose for added safety and shields components from damage
- Unitized construction allows for easy maintenance
- Easy to operate: Load the filter and close the door to activate the crushing cycle
- Specially designed door channel prevents drips and leakage, keeping oil in the chamber—not on the floor
- Reduce filter size by 75% and remove over 95% of the residual oil
- Works on filters up to 7-1/2" in height and 6" diameter
- Requires filter regulator/lubricator (not included)
